EDUCATION

2028 B.A. Carleton College, Department of Cognitive Science
Minor in Neuroscience. Minor in Mathematics

ACADEMIC APPOINTMENTS

November 2025 - Research Assistant, Laboratory of David J. Herzfeld
University of Wisconsin-Madison, Department of Neuroscience
September 2025 - Research Assistant, Laboratory of Joel A. Tripp
Carleton College, Program in Neuroscience

PUBLICATIONS

Jones M.O.†, and D.J. Herzfeld. Overlapping contextual memories underlie the learning of simple motor skills.
In preparation.

Jones M.O.†, and Herzfeld, D.J. A principled approach to curating singular spikes in extracellular recordings.
In preparation.

Szycher A.D.†, Jones, M.O.†, Janik J.R., and J.A. Tripp. Distribution of vasopressin and oxytocin neurons in
Alston's singing mouse. *In Preparation.*

Bond, R.†, Brown, L., Jones, M.O., and Tripp, J.A. Ghrelin inhibits courtship ultrasonic vocalization in male
mice. *bioRxiv*, 2026. doi: [10.64898/2026.09.21.753339](https://doi.org/10.64898/2026.09.21.753339)

HONORS & AWARDS

2026 NSF's Summer Undergraduate Research in Engineering Fellowship
University of Wisconsin-Madison, School of Engineering
2026 Academic All-Conference Award
Minnesota Intercollegiate Athletic Conference, Track & Field
2025 Harry A. and Margaret D. Towsley Award
Carleton College

TEACHING EXPERIENCE

- 2026 Foundations in Neuroscience with Lab
 Carleton College, Teaching Assistant
- 2026 Hormones, Brain and Behavior with Lab
 Carleton College, Teaching Assistant

PROFESSIONAL SERVICE

Ad-hoc Reviewership: *Nature Neuroscience*, *Nature Communications* (with D.J. Herzfeld)

SELECTED ABSTRACTS

- Jones, M.O.† and D. J Herzfeld. Exploiting the smooth temporal dynamics of action potentials for improved extracellular spike sorting. *Soc. Neurosci.*, 2026.
- Jones, M.O.† and D. J. Herzfeld. A memory of behavioral context in motor learning. *Carleton Col. Research Sym.*, 2026.
- Jones, M.O.†, Aaron J. Suminski, and D. J. Herzfeld. Motor planning separates cerebellar-dependent motor memories. *Univ. of Wisc. REU Sym.*, 2026.
- Bond, R.†, Brown, L., Jones, M.O., and J.A. Tripp. Hunger hormone ghrelin suppresses courtship behavior in male mice. *Soc. Behav. Neuroendocrinology*, 2026.
- Szycher A.D.†, Jones, M.O.†, Janik J.R., and J.A. Tripp. Characterizing the distribution of vasopressin and oxytocin neurons and their relation to vocal-motor circuitry in Alston's singing mouse *Midbrains Conf.*, 2025.

LANGUAGES

English (*native*), German (*proficient*)
